

List of Fun Activities for Unified Clubs

You can do so much more with your clubs than hold Spread the Word to End the Word events or Fans in the Stands. The club is meant to inspire friendships and community, so have fun with it! Here are some ideas from other schools that have been successful:

- **Movie Night-** You can either hold a viewing right after school or hold it outside of school and have everyone meet at the movie theater.
- **Pizza Party-** See if you can find people to sponsor the pizza or use it as a fundraiser and sell it for \$1 a slice.
- **Halloween Extravaganza-** Who doesn't love a good costume contest? Bring some candy and watch a classic Halloween film.
- **Holiday Party-** This works best with a potluck, write Holiday cards to one another saying what you are thankful for about one another, have arts and crafts, celebrate a wonderful first semester.
- **Inclusive school dances-** Work with student government or whoever plans dances and ask to have one where the overall goal is inclusion. If the Unified Sports Team just had a great game, highlight their accomplishments. It can be casual or formal.
- **Volunteer-** we highly encourage all members to volunteer with Special Olympics local programs, sectionals, or state games. Special Olympics has activities year round for all ages, and it is so important for our athletes and partners to realize that they can still be involved with Special Olympics after high school.

Have better ideas? Go for it! As long as you make the event inclusive for all, your club can do it.
