Health and Fitness Coordinator

*Special
Olympics
Pennsylvania*

A Health and Fitness Coordinator is an athlete committed to promoting healthier lifestyles for athletes, unified partners, coaches and families!

- Health and Fitness Coordinator evolved from athletes during the 2014 Athlete Congress.
- Each local program is required to have a Health and Fitness Coordinator who is a Special Olympics athlete that wants to promote healthier lifestyles in his/her local program.
- The Health and Fitness Coordinator is not a member of the local program management team, however may be asked to report out on an as needed basis.

Position Description Breakdown

Special
Olympics
Pennsylvania

1. Health and Fitness Coordinator for Local Program.

- Create a year round health and fitness club and communicate activities via social media (i.e. Facebook and/or Twitter), e-mail blast, local program newsletter; etc.

(*Key: led by athletes for athletes, unified partners and families)
Examples of club activities include: Walking, Running, Fitness Center, Cooking, Healthy Eating, Exercising Habits and Hygiene Club. The possibilities are endless!

- <https://www.facebook.com/groups/943078565796333/>
- Provide healthy menu input at local program competitions.

Suggestions you could provide: Serving salads/wraps in place of sandwiches or pizza, Serving fruit, vegetables and/or baked chips in place of fried chips and Providing beverage options other than soda such as: Gatorade/Powerade, fruit juice, flavored water, etc.

- **Optional:** Help the local program partner with health and fitness organizations.

Partnership suggestions: Local YMCA with reduced rates, Food companies to provide healthy snack / beverage options at competitions and local fitness professionals and dieticians for sport-specific advice.

Healthy Communities

Special
Olympics
Pennsylvania

Special Olympics is the largest global public health organization dedicated to serving people with intellectual disabilities.

A recognition program for the Special Olympics Movement focuses on:

- Health education and prevention, fitness and wellness opportunities for athletes
- Expanding access to health care resources and services in the community
- Partnership development
- Infusing health through all Special Olympics programming

The goal is to increase access to healthcare and improve health status of people with intellectual disabilities around the world.

Healthy Communities Continued...

Goal Setting

Special
Olympics
Pennsylvania

Specific

Be detailed. Example: Don't say: I will decrease my time. Say: I will decrease my time by 2 seconds by the end of the season.

Measurable

You need to be able to measure your progress. Is your time decreasing? Are your skills scores improving?

Attainable

You want to set realistic goals. Set goals that with effort you can achieve.

Relevant

Your goal needs to be something that is important to YOU. Don't create your goal to please someone else. You will be more motivated to achieve something that is important to YOU.

Timely

By having a targeted end date it creates a sense of urgency and keeps you focused.

**What should you do if you set a goal and you don't achieve it?
Re-evaluate the goal. Is it realistic? Adjust if necessary.
Try again....Don't give up!**

Personal Best Tracking

*Special
Olympics
Pennsylvania*

Personal Best Tracking is a tool that will show you where YOU are now and tracks your improvement throughout the season.

Personal Best Tracking is dependent on what type of sport (individual or team):

- Individual Sport – Measureable trials.
- Team Sport – Individual skill(s) assessment from Special Olympics International Sport Rules.

Your results are specific to YOU.

This is not a competition against your teammates.

Your primary goal is to improve your performance from the beginning to the end of the season.

By identifying your starting point and tracking your progress, you increase the likelihood of achieving your personal best.

Personal Best Tracking Continued...

*Special
Olympics
Pennsylvania*

Set your own Personal Best for the next sport you will be competing in!

Personal Best should be SMART (Specific, Measurable, Attainable, Relevant and Timely).

Encouraged to bring your Personal Best and share it with your coach at practice!
