## Golf

Jennifer Laudeman joined Special Olympics Pennsylvania in 1986 when she was 4-years-old. Belonging to Special Olympics not only provides her happiness but the pleasure and satisfaction of knowing that she's getting better at something she enjoys. As a result, Jenny has often said that she loves her life.

She's an active volunteer at various charity golf events throughout York County and her specialty is greeting and thanking the golfers for supporting Special Olympics.

Jenny has worked as a dining room attendant at McDonald's for the past 12 years and in her free time loves to travel, create art and go to amusement parks.
