

Andrea Snider

Bocce

Andrea Snider has participated in Special Olympics for over 20 years. Her favorite sport is bocce, but she also swims and golfs. Andrea has helped her sister raise four children, the oldest of whom is now a freshman at Carlow University. When she's not working or competing, Andrea enjoys watching sports, crafting (including designing greeting cards) and listening to music. Special Olympics has raised Andrea's self confidence, widened her circle of friends and helped her to experience new activities and visit new places. She also volunteers with local non-profit agencies as a personal care attendant and loves working with children.

IN HER WORDS

“ I am excited to know that I worked hard and did great. ”
