SUMMER HAPPENINGS!

Roberto

Hey everyone! I'm Roberto, but in committee everyone calls me Berto. I'm a rising senior, Biology major from San Juan, Puerto Rico. This year I have the privilege of being the Bocce Chair, but this isn't my first time working with SpO. Last year, I was a Bocce assistant, and the year before that one I was an assistant on Soccer. I am so excited to meet everyone on Fall Fest and make new friendships during the weekend! We are going to have so much fun, and I can't wait for Fall Fest to come to celebrate all of your hard work. In addition to SpO, I like to play video games, go to the beach, and just spend time with my friends and family.

Summer so far...

This summer I've been studying for the MCAT (the test to get into Medical School). I took it on June 24th, and it was a very challenging few weeks leading into the day of the test. Now that I'm done with that, I've been taking some time off by being with my family and friends, going to the beach, and just relaxing. I might start some volunteering in a local hospital too, so let's see how that goes. Miss you all, and hope you've been enjoying summer so far!

Taylor

Hi! I'm Taylor, a rising junior Biochemistry major from just outside of Chicago, IL. Last year I was on the Awareness committee for SpO, and I am super pumped to be part of the bocce family this year with Berto and Luis! Fall Fest is going to be spectacular in November. I can't wait to meet everyone and create some awesome memories together.

Summer so far...

I spent the first half of my summer in Europe taking classes in a coastal town in Spain called Cadiz. It was an amazing experience and just thinking about it puts a big smile on my face. After my classes ended I went to London and Amsterdam with friends. Now I am living at my family's lake house in Northern Michigan where I work at a semi-private country club as a waitress, beverage cart girl (on the golf course) and bartender at weddings! In my free time I take my dog on long walks, paddle board, water ski, and play lots of golf!

Luis

Hey there everyone! My name is Luis and I am a rising sophomore from San Juan, Puerto Rico. It will be my first time participating in Fall Fest so I am very excited to spend time with all of you! I cannot wait for the weekend to come so we can all have fun and get to know each other. I just know this year is going to be really special and I cannot wait to share it with you guys.

Summer so far...

This summer I have been working a lot, but I also have been going to the beach and playing many sports. After a long day of work, it's always great to relax with some basketball or beach tennis. It has been a great summer but honestly I just cannot wait for the semester to begin so we can all be together on campus!
