## PROCEDURE AND SCORING

### EXERCISE:

1. Participant stands with their feet together and holding a ball in both hands.
2. Participant lifts one foot in the air and bends their knees keeping their other foot on the ground.
3. Participant reaches down and taps the floor to the one side of their body while keeping their balance.
4. Return to the starting upright position.
5. Repeat this exercise. If participant is a beginner at this exercise, they can reset each time by putting both feet on the ground and even alternating which foot they raise off of the ground.

Note: If participant would like a more advanced exercise, keep the same foot off the ground and repeat without losing balance as many times as possible in the prescribed time.

**SCORING:** Participant goes from the upright position to the floor touch position as many times as they can without losing their balance for 60 seconds. Count how many times they tap the ball in that 60-second timeframe for their total score.
