

# Rita Schofield

## Soccer

Rita Schofield joined Special Olympics Pennsylvania in February 2017 as the Constituent Information Manager. Seven months later, she teamed up with the Chester County Chargers Unified Soccer team. While soccer is a new sport for her, Rita's sports experience throughout high school and encouragement from her teammates helped her jump right in.

Rita recently got married and she and her husband enjoy home renovation projects and traveling to new places. She's completed two half marathons and said that joining a Unified team has truly been the perfect combination of participating in community activities, meeting new people and staying physically active.

### IN HER WORDS
