Personal Best

**Personal Best Tracking:** Goal to focus on goal setting, improving times and performance awareness

a. Personal best scores can be entered in the registration paperwork for all of our sectional and state level competitions

b. Personal best performances should only be recorded at competition, practice performances are not considered for Personal Best records

c. The personal best score in most cases will NOT be the same as the entry score for a competition

d. Entry score should reflect the athlete’s current best score or an average of scores from practice or competition during the current training season
Goal Setting and tracking

Why are goals important?
- Goals keep focused and allows measures of success.
- Allowing athletes to be part of the goal setting process will lead to a sense of ownership and accountability.
- Communicate often and as a coach LISTEN to your athletes.
- Give consistent feedback and then LISTEN.
- Have the hard conversations and come up with new goals together.
- Celebrate all the successes, big or small.

How to track results and manage goals
- First practice: announce and explain goal setting.
- Subsequent practices: talk and collaborate on goals.
- Allow for alternatives - for example an athlete may choose to not to compete and has a goal to lose weight.
- Record results of practices.
- Provide feedback so athlete understands their progress.
- Give athlete 3x5 card with goal numbers, explain again what the numbers mean.

Alpine New Helmets

All competitors and forerunners must wear a crash helmet for official training as well as for the race that meets the FIS Equipment Specifications.

a. Soft ear protection is only permitted for helmets used in Slalom.

b. Super G & Giant Slalom - All helmets must carry an approved tag. Competitors without an approved tag will not be allowed to start. (FIS rule 707)
Alpine
New Helmets

We have been GRANTED a waiver in regards to the Ski Helmet Regulations, the “Hot Topic” in November.

Great news for this year, but some points of emphasis:
This waiver is only applicable for the 2020 season.

- We will need to be in compliance with the rule for the 2021 season.
- We are working with SOI to secure a vendor and are planning a bulk order to obtain the best rate.
- The SOPA development team is working to secure sponsorships or grants, BUT each local program should also make efforts to secure funds to ensure we can cover all of our athletes.
